## ORGANIZATIONS

### Zero to Mastery Academy | Alumni

June 2023 - present  
provide mentorship and support by sharing their experiences, answering questions, and offering guidance to current students and fellow alumni on topics relating to: React, Next.js, JavaScript, TypeScript, Node & Testing.

### MentorCruise.com | Mentorship program

Sept 2022 - Jun 2024  
Engaged in a paid one-on-one mentorship program, collaborating with **senior developers** through **code reviews & paired programming** sessions, focusing on modern best practices.

## PERSONAL PROJECTS

### Air Jordan 🔗

Vite • React • Next • API • Tailwind • Geo-encoding  
A dashboard web application that shows real time AQI data via an **API call** for any location in the world. The application incorporates geocoding for location searches, and includes **map functionality** to enhance the user experience.

### AWS Revision Quiz Application 🔗

NextJS • TypeScript • Tailwind • React • Framer • Google Analytics  
A exam preparation tool to help prepare for the AWS certification examination. Built in NextJS to leverage **SSR**. Used Framer for enhanced **UX** with appealing transitions.

### SaaS-Ai-Platform-with-chatgpt-integration 🔗

NextJS • TypeScript • Tailwind • Clerk • Prisma • Stripe • ChatGPT API  
SaaS platform leveraging ChatGPT to deliver advanced AI functionalities through a user-friendly interface. The platform integrates five core AI tools, with both free and paid tiers.

### Thymia 2-back game 🔗

Next14 • TypeScript • Tailwind • SSR • Jest • React Testing Library  
Gamified adaptation of classic cognitive test using **Next.js** with global state management, integrating **timed intervals**, error logging, simulated post requests, and toggle functionality for **event log** display.
