provide mentorship and support by sharing their experiences, answering questions, and offering guidance to current students and fellow alumni on topics relating to: React, Next.js, JavaScript, TypeScript, Node & Testing.

MentorCruise.com | *Mentorship program*
Sept 2022 - Jun 2024

Engaged in a paid one-on-one mentorship program, collaborating with *senior developers* through *code reviews & paired programming* sessions, focusing on modern best practices.

PERSONAL PROJECTS

AWS Revison Quiz Application
NextJS• TypeScript • Tailwind • React • Framer • Google Analytics

A exam preparation tool to help prepare for the AWS certification examination.
Built in NextJS to leverage **SSR**. Used Framer for enhanced **UX** with appeling transitions.

Saas-Ai-Platform-with-chatgpt-integration
NextJS • TypeScript • Tailwind • Clerk • Prisma • Stripe • ChatGPT API

SaaS platform leveraging ChatGPT to deliver advanced AI functionalities through a user-friendly interface. The platform integrates five core AI tools, with both free and paid tiers.

Thymia 2-back game
Next14 • TypeScript • Tailwind • SSR • Jest • React Testing Library

Gamified adaptation of classic cognitive test using *Next.js* with global state management, integrating *timed intervals*, error logging, simulated post requests, and toggle functionality for *event log* display.

Calorie-Counter-App
Vite • React • NextAuth • Firebase • Tailwind • Zod

The application simplifies the process of tracking calorie intake and calculating the precise portions needed to meet specific weight objectives. In addition, it offers supplementary tools such as a BMI calculator and a Macro-Nutrient calculator to provide more comprehensive health insights.
